WE are for Blaine first, last and

THE battle to be fought in 1892 will be a hummer.

HERE is to Jas. G. Blaine, the biggest man in America

The farmers alliance is not a political organization. O, no!

WHAT has become of the ordinance extending the city limits?

In Kansas the republicans say: "We are Blaine republicans."

THE world's fair will develope untold jobs before the end is reached.

Under the law, as it stands now, the new sheriff will not assume the

WE arise from under the debris to ask what is the matter with the democratic trensurers?

THE democrats having 154 majority in the new congress, are talking of unseating Mr. Lodge.

Mossbackism has embraced Mis souri and Missouri has embraced mossbackism. Poor old democracy.

Col. Lon V. Stermens is being boomed for something by the press throughout the state. What is he

With a free ferry or a pontoon bridge Jefferson City will add thousands of dollars to her trade from the Kingdom.

Our pyramid is silently growing Cole county, if it remains in the democratic column long enough will be at home in the pyramid.

INGALLS is said to be safe for reelection. We hope he is, in view of Vest keeps very quiet when Ingalls is

We challenge the rest of Missouri to show up as good a record as Cole county in the last cyclone. There are several notable exceptions, Moniteau county for instance.

Mr. REED, come home, we will forgive you, but Mr. McKinley must wait a little. Too much reconciliation in one day wont do.

It is safe to say that the democratic majority won't do the right thing-in fact, they don't know what the right thing is. Poor old democ-

The republican league must have gotten lost after the Kansas City convention last spring. It might be well to offer a reward for its discovery.

MR. ARTHUR GRIMSHAW made ? gallant race. He has made Cole county a most efficient officer, and the vote received by him is one of which he may well feel proud.

Time formers will run the legislature and there will be lats of trouble before they get through. The first act will open with a bill reducing

A republican congress gave us the Osago river improvement appropriation, but the people gave the credi to the other fellow. Thus evil was returned for good. It was a bad year for republicans.

MR. J. W. HENRY has been elected president of the First National Bank of this city. It is a well deserved compliment to a successful and enterprising young business man.

GEN. PALMER deserves the senator. ship of Illinois as against anybody else if a republican can not get it. I would be base ingratitude to let the third party men defeat him.

As long as the county court was in republican hands the finances of the county were looked after. Thpeople will learn a thing or two i the future if they keep democrats in office.

WE were asked the other day if wgot enough on November 4. We dd not have the heart to answer at thtime, but have since wondered how much harder that fellow expected u to be lut. In order to care his con science we acknowledge receipt in and Enough, thanks.

WHEN it comes to democrats handling the people's money you always bet that it won't all be on hand when the day of reckoning comes. But Cole county can stand the loss of \$1,000 every two years if the democrats hold the offices.

MR. SCHMIDT owed the county about \$8,00 and Mr. Antweller owes it \$1,000. That's all right, just keep on electing democrats to office. You can kick Wagner, Dulle and Tanner because they are republicans, but in the end you pay for it, Mr. Tax-

THE famous divorce case of O'Shay vs. O'Shay, in which Mr. Parnell is co-respondent is now being tried in England. Mr. Parnell refusing to duties of his office until January 1. answer, stands confessing to the charge of criminal intimacy with the fair defendant.

> THE Rothchilds and the bank of England came to the rescue of the Bearing brothers by loaning them \$55,000,000 in order to avert the failure of that banking house. This firm is worth \$200,000,000, but it got into close quarters owing to its South America investments and loans.

> The progress mad e y Jefferson City in the past decade, both in population and wealth, will compare favorably with any city in Missouri, and only those with malice in their hearts refuse to acknowledge the truth. Her increase in population is 27 per cent., and her increase in assessed valuation, 30 per cent.

THE present oppressed condition of the money market in England is due principally, no doubt, to vast investments made in recent years in South America, but some part of it is the fact that Vest will be returned. also probably due to the large investments made by the English in American breweries and other industries.

> The stock market has been giving the brokers considerable excitement during the past ten days. According to common rumor Jay Gould is ahead several railroads. Jay might present us with a new depot for a Christmas gift. Jay hardly ever gets left. For further information apply to John Wannamaker.

> J. Houston Goodwin, a prominent Cole county democrat and party worker, is a candidate for doorkeeper of the house of representatives. His services are always sought during the campaign and he contributed no little part to the late democratic victory, as his friends all recognize. eing Gen. McIntyre in nomination, which gave the General considerable prestige in the campaign. Those who have the good of the democratic party at heart ought to aid Mr. Goodwin. He is a corpenter by trade, and his election will be a recognition of the laboring man.

> Galveston, Tex., November 15. -Arrangements have been perfected here for the importation of large quantities of Irish po atoes from Liverpool, England, to the port of Galveston. One consignment of 25 ons has already been received, hav ing been brought from Liverpool by the British ship Daniel, which came into port on Wednesday last. Another shipment of like quantity is due per the steamship Ruskin next week, and the steamship Tresco. which sailed from Liverpool recently. will bring 50 tons more. It has been found that after paying a duty of 25 cents per bushel these potatoes carbe sold at a profit in competition with the American product. The demand for the potato product is good here, and the parties engaged in the business at this point will continue to import largely."

The farmers alliance should study the above, it might benefit the organi-

The beautiful flag now floating over our court house is the gift of Col. C. W. Coombs. It was unfurled to the breeze on Friday, and the Colonel promises when it is worr out to replace it, so that during hilife the stars and stripes shall continue to float over our county seat of justice. It is a patriotic idea and our people with one voice will respond to the sentiment: Long live Col. Coombs. Though he comes home every two years to see his many friends, enjoy our delightful autum. climate and vote the democratic ticket, our people are all glad that he
